PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Jeraldine Anderson respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 269A at Encinal, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 269A to Encinal, Texas, as that community's first aural broadcast transmission service. Encinal is an incorporated city with a population of 655 people as of January 1, 1998 according to the Texas State Data Center. Encinal has its own pro-temp mayor, Javier Mancha, its own volunteer fire department, its own post office, its own school system and a number of local churches. The proposed channel 269A to Encinal will provide additional diversity and an outlet for local self-expression to Encinal residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 269A can be allocated to Encinal, Texas consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Should this petition be granted, and Channel 269A be allotted to Encinal, Texas Petitioner will apply for Channel 269A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,
